Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Sir:

The Applicants make this petition under 37 C.F.R. § 1.181(a) to withdraw the holding of abandonment in this case. The Notification of Abandonment, mailed April 18, 2008, states that the Applicants failed to respond to a Notice Under 37 C.F.R. 1.251.

As explained in the attached previously filed petition to revive, the Applicants timely filed the Information Disclosure Statement (IDS) and also timely filed a response to the Notice Under 37 C.F.R. 1.251. Furthermore, as shown on the USPTO's public PAIR site, the USPTO is in receipt of the IDS, thus no further action is needed. A printout of the PAIR listing as well as a copy of the IDS with a received stamp by the USPTO is included herewith.

PROMPTNESS

This petition is being made promptly after the Applicants learned that the USPTO denied the Applicant's petition for revival. 37 C.F.R. § 1.181(f).

SUBMISSION

Submitted with this petition are:

1. A copy of the originally filed IDS faxed on January 31, 2005 stamped received by the USPTO, downloaded from the USPTO PAIR site, attached as Exhibit 1.
2. A printout of the PAIR listing which includes the IDS shown as being entered on January 31, 2005, attached as Exhibit 2.
3. A copy of the petition to revive mailed on September 8, 2008, attached as Exhibit 3.
4. A declaration of Jonathan O. Owens in support of the Petition to Revive and now the Petition to Withdraw Holding of Abandonment, attached as Exhibit 4.
5. A copy of the IDS faxed to Lucy Hatkins of the USPTO on July 14, 2005, attached as Exhibit A.
6. A copy of the notice under 37 C.F.R. §1.251, attached as Exhibit B.
7. A copy of the response to the notice, mailed on September 14, 2005, attached as Exhibit C.
8. A copy of the response to the notice under 37 C.F.R. §1.251, faxed to Examiner Nathan Flynn on January 23, 2007, attached as Exhibit D.
9. A copy of the notice of abandonment mailed on April 18, 2008, attached as Exhibit E.
10. A copy of the response to the notice under 37 C.F.R. §1.251, faxed on May 6, 2008, attached as Exhibit F.

**STATEMENT BASED ON PERSONAL KNOWLEDGE
THAT THE IDS WAS FILED**

Jonathan O. Owens' declaration is based on personal knowledge and is offered as evidence that the USPTO is in receipt of the IDS; and in addition, a response to the notice under 37 C.F.R. §1.251 was also timely sent to the USPTO.

REQUEST FOR WITHDRAWAL OF HOLDING OF ABANDONMENT

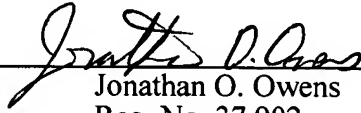

- Based on this Petition and specifically since the USPTO is in receipt of the IDS which has been entered already, the IDS should be considered timely filed;
- As explained in the Petition to Revive, the application unavoidably went abandoned as the Applicants fulfilled their every duty by responding to every notice in a timely manner; and
- As also explained in the Petition to Revive, but appears to have been overlooked, the application unintentionally went abandoned as evidenced by the Applicants repeated attempts of submitting the IDS.

Accordingly, the Applicants ask that the active status of this application be acknowledged and that the application be further examined.

Respectfully submitted,

Sir:

Applicants hereby petition under 37 C.F.R. § 1.137(a) to revive the above-captioned Patent Application as being abandoned due to unavoidable delay. In the alternative, the Applicants hereby petition under 37 C.F.R. § 1.137(b) to revive the above-captioned Patent Application as being abandoned due to unintentional delay.

The Application was originally filed on January 22, 2004. On January 31, 2005, an Information Disclosure Statement (IDS) was filed and received at the USPTO on February 7, 2005. On August 25, 2005, a Notice under 37 C.F.R. § 1.251 was mailed indicating the filed IDS was not able to be located after a reasonable search. Applicants responded to the Notice several times including the IDS and the reference, in addition to communicating with the USPTO that the application was not to be abandoned. However, in spite of all of the attempts by the Applicants, the IDS was still never received, and the application went abandoned.

The Application Should Be Revived

The Applicants submit herewith the attached declaration of Jonathan O. Owens in support of a finding that the above-captioned patent application was unavoidably abandoned. Furthermore, Applicants submit a copy of the IDS that was not able to be located by the USPTO.

Jonathan O. Owens is one of the attorneys at Haverstock & Owens LLP for the assignee of the above-captioned U.S. Patent application. (Declaration of Owens, ¶1) In response to a telephone call from the USPTO, a copy of an Information Disclosure Statement (IDS) mailed on January 31, 2005 (dated February 7, 2005) was faxed to Lucy Hatkins of the USPTO on July 14, 2005. (Declaration of Owens, ¶2) A Notice under 37 C.F.R. §1.251 indicating the IDS mailed on January 31, 2005 (dated February 7, 2005) could not be located after a reasonable search was received at Haverstock & Owens LLP with a mail date of August 25, 2005. (Declaration of Owens, ¶3) Upon receiving the Notice, Haverstock & Owens LLP mailed a response to the Notice and included a copy of the IDS with the cited reference, on September 14, 2005. (Declaration of Owens, ¶4) After sending the response with the IDS, I spoke with Examiner Nathan Flynn. (Declaration of Owens, ¶5) Examiner Nathan Flynn informed me that the USPTO still had not received a copy of the IDS with the cited reference. (Declaration of Owens, ¶5) I informed him that the IDS with the reference had been re-sent already on September 14, 2005. (Declaration of Owens, ¶5) I also informed him that the IDS with the reference would be sent yet again to ensure proper prosecution of the application. (Declaration of Owens, ¶5) On January 23, 2007, based on the conversation I had with Examiner Nathan Flynn, I faxed the response to the Notice which again included a copy of the IDS with the cited reference. (Declaration of Owens, ¶6) The response was faxed directly to Examiner Nathan Flynn. (Declaration of Owens, ¶6) Without any further contact from Examiner Nathan Flynn, Haverstock & Owens LLP received a Notice of abandonment for failure to receive the IDS. (Declaration of Owens, ¶7). The Notice of abandonment was mailed on April 18, 2008. (Declaration of Owens, ¶7) Applicants and their attorneys assumed the response which included a copy of the IDS and the cited reference was accepted or at least that Examiner Nathan Flynn would contact us further if the response were not received, since it was clear from the telephone conversation that a response was forthcoming.

After the abandonment of the application had already taken place, Examiner Ashley Turner called to inform me of the abandonment of the application. (Declaration of Owens, ¶8) I informed her that the IDS with the reference had been re-sent on January 23, 2007 and that the abandonment was improper. (Declaration of Owens, ¶8) Examiner Ashley Turner again requested I fax the IDS with the reference. (Declaration of Owens, ¶8) On May 6, 2008, I faxed another response to the Notice including a copy of the previous fax sent on January 23, 2007 which included the IDS with the cited reference. (Declaration of Owens, ¶9) Since sending the fax on May 6, 2008, I have attempted to call Examiner Ashley Turner several times to ascertain the status of the application, but there was no response nor voicemail for her listed telephone

number. (Declaration of Owens, ¶10) Additionally, I have left several voicemails for Examiner Nathan Flynn to obtain the status of the application, but he has not responded. (Declaration of Owens, ¶11) Applicants, and their representatives, have made every attempt to further prosecution of the application, but due to the lack of responsiveness of the Examiners, the application has unavoidably become abandoned.

The Delay Was Unavoidable

After the IDS for the Patent Application was filed with the USPTO and was subsequently unable to be found by the USPTO, Applicants have attempted to do all that was required to further prosecution. Applicants have submitted a copy of the IDS with the reference at least three separate times after receiving the notice that the USPTO could not find the original. Applicants informed Examiner Ashley Turner and Primary Examiner Nathan Flynn of their desires to continue prosecution and faxed the required paperwork specifically to Examiner Nathan Flynn only to have the application still go abandoned when no action was taken by the USPTO. It was not the Applicants fault that the application went abandoned, and without cooperation by the USPTO, there was nothing Applicants could do to prevent the abandonment of the Application. This Application should never have been abandoned and never would have been abandoned if the USPTO had properly performed its duties in prosecuting the Application.

The Applicants' attorneys believe that they were reasonably relying on the Examiners at the USPTO to cooperate and assist in prosecuting this Application. Unfortunately, in this instance, there were issues with communication between the Applicants' attorneys and the USPTO. As previously stated by the Commissioner,

[t]he word unavoidable is applicable to ordinary human affairs, and requires no more or greater care than is generally used and observed by prudent and careful men in relation to their most important business. It permits them in the exercise of this care to rely upon the ordinary and trustworthy agencies of mail and telegraph, worthy and reliable employees, and such other means and instrumentalities as are usually employed in such important business. If unexpectedly, or through the unforeseen fault or imperfection of these agencies and instrumentalities, there occurs a failure, it may properly be said to be unavoidable, all other conditions of promptness in its rectification being present." In re Katrapat, AG, 6 USPO2d 1863 (Comm'r Pats. 1988) quoting, Ex parte Pratt, 1187 Dec. Comm'r Pat. 31, 32-33 (Comm'r Pat. 1887).

Applicants' attorneys did not delay in filing this petition. With this petition, Applicants are also submitting the declaration of Jonathan O. Owens in support of a finding that the above-captioned patent application was unavoidably abandoned and the requisite fees. Furthermore

Applicants submit a copy of the response to the Notice under 37 C.F.R. §1.251, which includes a copy of the IDS and the reference.

Applicants and their attorneys hereby request that the delay is considered unavoidable, that this application is revived and that the response to the Notice under 37. C.F.R. §1.251, including a copy of the IDS and the reference, is accepted.

The Delay Was at Most Unintentional

Although the Applicants appear to meet the standard for unavoidable delay, it can also be shown that the Applicants meet the standard for unintentional delay. Applicants intended to fully pursue the '869 Patent Application to issuance. (Declaration of Owens, ¶12) Accordingly, the Applicants never intended to abandon the above-captioned patent application. It was only due to communication issues between Applicants' representatives and the USPTO. Therefore, the above-captioned patent application was at most unintentionally abandoned, if not also unavoidably abandoned. Accordingly, Applicants and their attorneys hereby request that this application is revived and that the application proceed on the merits.

Enclosed is the petition fee, a Declaration of Jonathan O. Owens in Support of Petition, a copy of the Notice of Abandonment, a copy of the Notice under 37. C.F.R. §1.251 and a copy of the response to the Notice under 37. C.F.R. §1.251 including the IDS and the reference.

The Applicants hereby petition for the revival of the patent application and for the application to proceed on the merits.

Respectfully submitted,
